

# Army Musician Proficiency Assessment (Saxophone)

The proponent of this form is Commandant, USASOM. For use of this form, reference USASOM Regulation 350-70-4, Army Musician Proficiency Assessment.

## DATA REQUIRED BY THE PRIVACY ACT

Authority: Title 5, sec.3012; Title 10, U.S.C.E.O. 9397. Principal purpose: Use to determine the auditionee's technical qualification for enlistment, initial classification, reenlistment, or classification into the Army Band Career Program.  
Routine uses: To determine eligibility for the Army Civilian Acquired Skills Program, initiate processing into the Army Band Career Program, and as a record of the individual's technical ability and progress. Disclosure: Voluntary.

Name (Last, first, middle initial)	Rank	Date	Class # (USASOM)	Video AMPA Y/N
------------------------------------	------	------	------------------	----------------

### Part 1 Prepared Music (Perform at least 3 selections of contrasting styles not to exceed 5 minutes total.)

Comments for prepared music

### Part 2 Quickly Prepared Music (Perform 2 selections per category. Music given the day prior to assessment.)

Comments for quickly prepared music

Group A (Concert Band. Group A selections will not include marches.)

Group B (Marches, one selection in simple time and one selection in compound time.)

Group C (Commercial and Swing, one selection of each.)

Category	0	1	2	3	4	5	6
<b>Part 1</b> <b>Technique Mechanics</b>	No knowledge of technique.	Little knowledge of technique. Many incorrect notes and fingerings.	Demonstrates knowledge of mechanics, but many errors in technique are present.	Demonstrates basic knowledge of technique, but will still miss notes.	Good technique. Consistently uses mechanics to help performance. May occasionally miss notes.	Excellent technique. Rarely misses notes, although still has difficulty with hardest literature.	Outstanding technique. Has little difficulty with hardest literature.
<b>Musicality Phrasing Dynamics</b>	No phrasing or dynamics present.	No phrasing present. Minimal dynamics present.	Phrasing and dynamics limited; not controlled.	Phrasing sometimes present. Focus on technical demands impedes phrasing. Dynamic levels present but narrow.	Phrasing usually present. Has a firm control of dynamics but extremes may be uncontrolled.	Applies appropriate dynamics. Attentive to phrasing throughout performance.	Effortless and creative phrasing and dynamics, both written and implied.
<b>Tone Intonation Range</b>	Unable to produce any consistent tone. Unable to produce notes/pitches in tune. Extremely limited range.	Tone is unfocused and undersupported. Poor intonation. Limited range.	Middle range is somewhat unfocused while extreme registers are undeveloped. Unaware of individual pitch tendencies.	Tone is usually focused in middle register. Some flaws in extreme registers. Intonation errors still present.	Supported sound throughout range of instrument. Minor intonation errors.	Sound is resonant through entire range. Able to change color/timbre as needed. Rare intonation errors.	Controls sound and color changes to enhance musicality at the highest level. Range issues are not present. Pitch is very accurate.
<b>Style Articulation Note Shapes</b>	Unable to articulate notes. Attacks unrecognizable. No awareness of style.	Articulation errors throughout. Attacks unclear. Little awareness of style. Stylistically limited.	Limited understanding of articulations and style.	Demonstrates some stylistic differences. Basic understanding of articulation, errors still present.	Often demonstrates stylistic differences. Minor articulation errors.	Consistently demonstrates stylistic differences. Uses appropriate articulations.	Performs with the nuance and style of a seasoned professional.
<b>Time Rhythm</b>	No sense of time or rhythm. Unable to keep a steady pulse.	Little sense of time or rhythm. Often cannot keep a steady pulse.	Time not steady or appropriate for the music. Many rhythmic errors.	Time mostly steady except where technique is lacking. Tempi are appropriate for music selections. Some rhythmic errors.	Tempi are steady. Can perform mixed and complex meters, although tempo may not be steady. Minor rhythmic errors.	Tempi are musical and well thought out. Has no trouble with mixed or complex meters except at faster tempos.	Easily moves through tempi, meters, and subdivisions. Time and rhythm used toward musical end.
<b>Part 2</b> <b>Music Preparation</b>	Unable to read the simplest material.	Errors in most aspects of performance. Little ability to read the simplest material.	Unable to prepare music beyond simplest material to performance standards in time allotted.	Able to play most section parts to performance level in time allotted.	Solid section player and capable of some 1st chair material.	Capable of playing most 1st chair parts and some soloistic material.	Soloist. Easily prepares music of all difficulty.

**Auditionees must score a minimum of "2" in EACH category regardless of the aggregate score in order to pass the AMPA. Scoring a "0" or a "1" in any category constitutes a NO-GO for the overall AMPA.**

## Instructions

### Page 1

**Administrative Data:** Enter the name of the individual taking the assessment. Select the rank of the candidate from the drop down list. Select the date of the assessment from the drop down list (YYYYMMDD). USASOM only, enter the class number if the candidate is a student of a USASOM course. In the Video AMPA box, select Yes or No from the drop down list. \*In the case of a video assessment, it is required for the administrator to prefill administrative data. See video AMPA requirements below.

**Part 1 Prepared Music comments.** Enter the title and composer of each selection prepared by the auditionee. The requirements for part 1 vary by ASI and are outlined in USASOM Regulation 350-70-4, Army Musician Proficiency Assessment. \*In the case of a video assessment, it is required for the administrator to prefill this information. One board member will type their comments during the performance of the prepared selections while the other board member writes their comments on a separate sheet of paper. Comments should ONLY pertain to the first five rubric categories on page 2, and should assist board members in tallying the final score for part 1. Do not consider the sixth and final rubric category for the part 1 score.

**Part 2 Quickly Prepared Music comments.** Each group specifies the types of selections that are to be performed. Follow the directions as stated for each group. Enter the title and composer of each selection in each group. See USASOM Regulation 350-70-4 for additional guidance. \*In the case of a video assessment, it is required for the administrator to prefill this information. As in part 1, one board member will type their comments during the performance of the quickly prepared selections while the other board member writes their comments on a separate sheet of paper. Comments should ONLY pertain to the sixth and final rubric category on page 2, and should assist board members in tallying the final score for part 2. Do not consider the first five rubric categories for the part 2 score.

### Page 2

**Comments.** Enter any additional comments about the overall assessment.

**Part 1 Prepared Music Scores.** Based on the performance of Part 1, determine a score from 0 to 6 points in each rubric category marked Part 1. Select the score in the corresponding scoring blocks from the drop down list. Board Member (BM) will enter scores in the column marked BM, and Senior Member (SM) will enter scores in the column marked SM.

**Part 2 Music Preparation Scores.** Based on the performance of Part 2, determine a score from 0 to 6 points in the rubric category marked Part 2. BM and SM enter scores in the corresponding scoring blocks from the drop down list.

**Scores.** BM adds categories 1-6 together and enters total in the BM column. SM adds categories 1-6 together and enters total in the SM column. There are 36 possible points. Board member's final scores must be within 2 points of one another.

Assessments are not valid when there is a variance of 3 points or more. In this case board members must make an adjustment or schedule a reassessment.

**Final Score.** Average the BM and SM scores together to determine the final score. If the average score is a half number (ex. 29.5), the final score is rounded down (ex. 29).

**Board Member (BM) Data:** Enter the name and rank of the BM. Sign using digital signature.

**Senior Member (SM) Data:** Enter the name and rank of the SM. Sign using digital signature. The form will lock upon SM digital signature.

### \*Video AMPA Only

**AMPA Administrator Requirements.** On page 1 of this form, enter the name and rank of the auditionee, the date the assessment was administered, and select Yes for Video AMPA. In Parts 1 and 2, enter the title and composer of each selection prepared by the auditionee. Ensure all printed music from parts 1 and 2 accompany the video AMPA and measures performed are clearly marked. See USASOM Regulation 350-70-4 for additional guidance. Incomplete packets will not be accepted.

**Unit Commander:** By signing below you validate that the AMPA Administrator requirements have been met.
